UC Pro 2: PBX UC Application

A Better Life, A Better World

UC Pro 2

- Multi-device flexibility, anywhere versatility
- Get connected easily, any time you want
- Quickly and accurately text chat with any users

Harness the ever-evolving capabilities of today's business communications, and you enjoy the freedom to shape, grow and develop your business in the way you want. Panasonic's UC Pro 2 application allows you to do exactly that, enabling the easy and intuitive use of different forms of communication, such as high-speed, accurate information sharing and multidevice connectivity.

But UC Pro 2 also offers more. It frees you from the complexity and cost of integrating new technology into existing systems. Thanks to seamless compatibility with Panasonic PBX solutions, it can support your business with minimal disruption and maximum efficiency.

Providing Solutions with UC Pro 2

PC

Fast, Efficient Work Tool

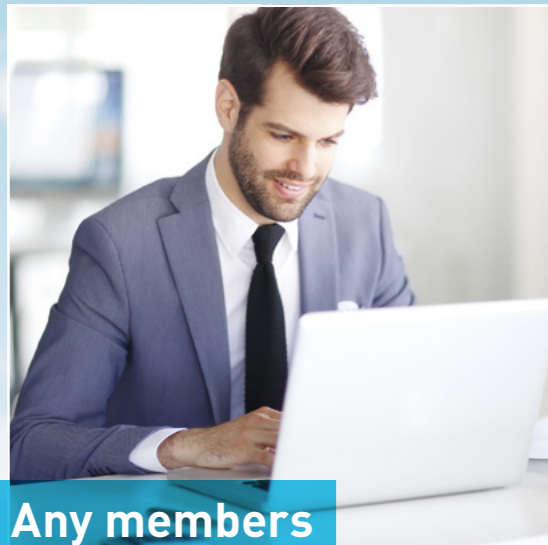

Panasonic UC Pro 2 is designed to use Windows clients as the main interface, to provide a host of collaborative functions, including large-capacity call functions, unified messaging, presence, and shared directories.

UC Pro 2 provides a wide range of solutions to users and businesses, for small, medium and large-scale enterprises. It is a highly efficient tool for multi-tenant companies.

It also offers a powerful web contact portal and web multimedia business card which can be integrated into the company website. It enables your webpage visitors to get in contact directly even if they haven't installed UC Pro 2 using the WebRTC technology.

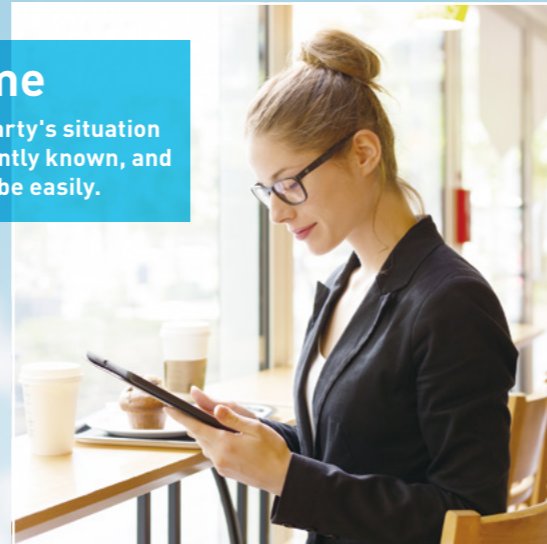

Closer communication from everywhere at anytime.

Communication solutions for various situations and purposes.

Any members
Text chatting is a standard feature, for speedy, accurate communication.

Anytime
The other party's situation can be instantly known, and contact can be easily.

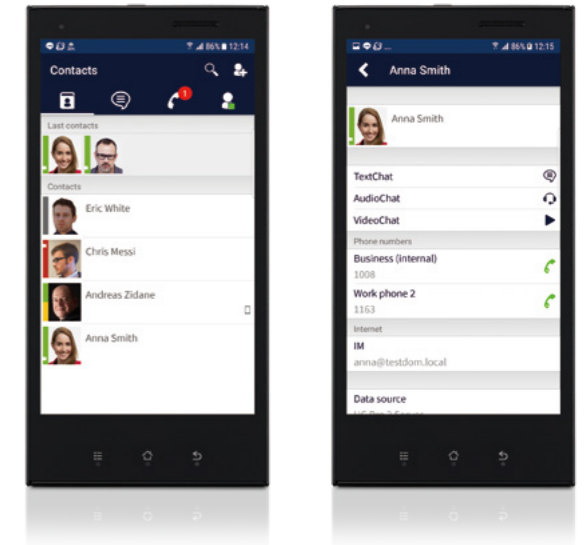

Anywhere
Multidevice usage opens the door to communication in virtually any location.

Inside or outside the office, a single ID gives you access to the people you need.

Smartphone & Tablet

Smartphone and Tablet Operation

Mobile clients can communicate from the same account as your PC, so you can take care of business while on the go.

The application can be downloaded for free from Google Play™ or the App Store®.
